- Book(s) – Each student should have an Essential Elements Book 1 and Essential Elements Book 2 for their instrument. (These are not included with the other textbooks ordered by the school since they are not the same for each class, but rather vary by instrument)
- Instrument - Please rent or purchase your instrument from a reputable music store and not from a department store or the internet. Some school owned instruments are available for student use. Contact me with any additional questions. Beginners should wait until after the first week of class to rent or purchase an instrument. Mr. Maerkl will guide you in this process.
  - (Percussionists can use the instruments in class but should have at least practice bells and a practice pad at home
  - **Percussionists must also purchase and bring their own concert band drumsticks, timpani mallets, hard mallets, and yarn mallets [all included in the Vic Firth EP2A] to class)**
- Any other essentials to play your instrument, such as four working reeds at all times, oil, mouthpiece, etc...
